Frontend Developer | JS | ReactJS | NodeJS | Python

Haifa, Israel | +972 53 - 6246131 | imnosovsky@gmail.com | [GitHub](#) | [LinkedIn](#) | [Portfolio](#)

About me

Frontend Developer with a background in analytics, UI/UX design and civil engineering, delivering innovative solutions that blend technical expertise and creativity. Proficient in designing and implementing end-to-end web applications, utilizing strong problem-solving skills and attention to detail. A collaborative team player dedicated to delivering high-quality products that enhance user experiences and drive business growth.

Work Experience

Frontend Developer

09/2023 - Present

Consultant AI

Tel-Aviv, Israel

- Integrated JIRA software seamlessly into the platform, empowering users to efficiently manage project workflows and track issues, thereby enhancing overall project coordination and collaboration.
- Enhanced website navigation through the redesign of the navbar structure, resulting in improved overall usability and an enhanced user experience (UX).
- Optimized the efficiency and aesthetics of the profile page, driving a cleaner and more user-friendly UI.

Frontend Developer

06/2021 - 04/2023

PIK-MODUL

Moscow, Russia

- Developed responsive and user-friendly interfaces using React to enhance the user experience for a building construction company's project.
- Collaborated with the design team to implement and iterate on front-end features, ensuring seamless integration with the company's web applications.
- Utilized JavaScript to create dynamic and interactive elements, contributing to the overall improvement of the company's online presence.

Technical Project

Court App | [GitHub](#) | [Demo](#)

The Court web app allows players to find a tennis sparring partner on a court near you. A social network for tennis players.
