About me

Full-Stack Developer with a background in analytics, UI/UX design and civil engineering, delivering innovative solutions that blend technical expertise and creativity. Proficient in designing and implementing end-to-end web applications, utilizing strong problem-solving skills and attention to detail. A collaborative team player dedicated to delivering high-quality products that enhance user experiences and drive business growth.

Work Experience

Full-Stack Developer

09/2023 - Present

Consultant AI

Tel-Aviv, Israel

- Integrated JIRA software seamlessly into the platform, empowering users to efficiently manage project workflows and track issues, thereby enhancing overall project coordination and collaboration.
- Enhanced website navigation through the redesign of the navbar structure, resulting in improved overall usability and an enhanced user experience (UX).
- Optimized the efficiency and aesthetics of the profile page, driving a cleaner and more user-friendly UI.

Full-Stack Developer

06/2021 - 04/2023

PIK-MODUL

Moscow, Russia

- Implemented end-to-end features using React for the front end and Flask/NodeJS for the backend, contributing to the development of comprehensive solutions at a leading building construction company.
- Collaborated closely with cross-functional teams to design and implement scalable backend services, enhancing the overall functionality and performance of the company's web applications.
- Actively participated in the full software development lifecycle, from conceptualization to deployment, while continually expanding skills in both frontend and backend technologies.

Technical Project

OrderEats | ⚫ GitHub | Demo

OrderEats is a comprehensive food ordering platform that provides users with a seamless and enjoyable experience.
Tech stack: TS, NodeJS, ReactJS, MongoDB, Stripe, Auth0, Tailwindcss.

Education

Specialist

09/2011 – 08/2017

Construction of unique buildings and structures

Moscow State University of Civil Engineering

Skills

— **technology stack:**

HTML, CSS
JavaScript, TypeScript
